**CATCH-ALL CORNER** — Here is the appearance of the southwest corner of Broadway and Grove Streets as it appears today. The concrete hexagon was rolled to its present resting place by the County Department of Public Works several weeks ago when they replaced a sign standard, against which the photographer was leaning

when he took this picture. The inoperative auto, the beer signs, and the weeds are all on private property. The local fire department, eyeing the mess, has taken no action until now. Public Works apparently is satisfied to leave the hexagon there permanently.

## The Dimmer View

by MAX GOODWIN

The Honorable David W. Bird, county supervisor, wants to know why we don't tell the story of the history of the Lemon Grove Sanitation District.

It was he, and a handful of farsighted local property owners, who guided through the machinery for setting-up and operating the district in 1953.

Without the district there would have been little more than a cluster of homes here. The forming of the district made a healthier, happier community of Lemon Grove. It is a tribute to this district's operation that the tax has dropped from about 70 cents to 13 cents for 1959-60.

This success story probably will be repeated in Spring Valley, a community just now reaping the benefits of community sanitation.

Supervisor Bird did not ask us why we didn't tell the story in just that many words. Rather, he suggested we do it, and then proceeded to give us all the background material we needed to do the job.

Here is what he has to say:

Dear Editor:

The budget recommended by the County Public Works Department for the Lemon Grove Sanitation District for fiscal year 1959-60 has just come to my attention. It reminds me of some of the splendid planning and forward thinking of some of the leaders of Lemon Grove about twelve to thirteen years ago. This record is such a good one and there are so many new people who have moved into Lemon Grove that I have an idea you would like to write a story about it for the information of your readers.

Right after World War II some of the businessmen of Lemon Grove foresaw that that area was destined for a very considerable growth, but that to achieve that growth it was going to be necessary to have a sanitary sewer system. They talked the matter over with me. We discussed the possibility of obtaining a loan through the County or State or Federal funds to assist in the construction of the necessary sewer trunkline to connect with the trunkline of the City of San Diego, the nearest connection being down Imperial Avenue at Encanto.

As a result of these discussions, the Lemon Grove Sanitation District was formed and plans were drawn for this sewer trunkline. A plan of financing was decided upon under which each connection would be charged fifty dollars, which would go toward paying off the cost of this trunkline and subsequent improvements, and later, after such connection fees had paid off all indebtedness, they could be used to reduce the tax rate on regular maintenance and operation.

On this basis, the leaders of Lemon Grove raised about \$36,000 or \$37,000 of advance connection fees, the County loaned the balance, and a 12-inch sewer main down Imperial Avenue was constructed at a cost of \$70,310 and the Lemon Grove Sanitation District was in business.

At the start, there were approximately 700 connections. According to my last report from Public Works Department, there are now 4,175. Incidentally, this is an increase of 569 or 16 percent in the past year.

The availability of sewers permitted construction and subdivision development, and it was not long until there was need for another trunkline extending west on Broadway at southwest corner of Imperial Avenue to the San Diego city limits. By accumulating some of the connection fees that were rapidly coming in, a sharing in the cost by the City of San Diego for a section of the trunkline through a small part of the City, and another loan from the County, this trunkline was constructed in 1954-55 at a cost of \$107,500 and was completely paid for within a year after it was constructed.

For several years the tax rate for Lemon Grove Sanitation District was between \$0.70 and \$0.60, but after the capital costs had been paid off the income from the new connection fees has been used to offset some of the costs of maintenance and operation.

## Planners Favor Eastern Route For Freeway 94

SAN DIEGO (CNS)—Improvement of State Highway 94 to freeway standards should be along the route that closely follows the present Campo Road, the County Planning Commission decided Friday.

The commission approved the recommendation for submission to the State Division of Highways in time for a Wednesday night public hearing in Spring Valley.

Alignment "B" is the one the commission recommends, compared with the "C" route that would take off farther west from the present freeway and swing to the south.

The commission said that the first route traverses a neighborhood "already developed in harmony with a major highway." It also said the other route "cuts through large areas having a different environment and a different type of development."

The commission took its action on the recommendation of its staff, which has been making highway studies as part of the San Diego Metropolitan Transportation Study Group. It was reported that these studies show the "B" route is preferred by most travelers, that the alternate route would provide poorer service to tributary areas and that construction of the alternate might result in two major east-west freeways in Spring Valley. (The "C" route also is a mile longer and would cost \$1 million more to construct.)

The latter conclusion was based on a prediction that great growth will take place along the present Campo Road route.

## Recreation District Boundary Team Named

The Lemon Grove Coordinating Council named a recreation district boundaries commission Monday night and set next Tuesday at 7:30 p.m. for a committee report.

The commission is expected to describe the boundaries of the proposed recreation district at the Tuesday meeting. It will be held in the auditorium of the Lemon Grove Junior High School.

The Coordinating Council has been looking into the feasibility of setting up a special district to establish various recreational facilities in the area, and to use more widely the facilities that already exist.

The first formal step in setting up such a district is to establish the boundaries of the area to be served.

Named to the boundary commission were Melvin Grant, chairman; Dr. Robert Burns, Emmett Marshall, Dr. Lloyd Adams, Mrs. Tom Welbaum, Carmine Ursillo and Mrs. Philip Timmas.

Jim Spears, vice president of the Council, presided for the Rev. E. Walter Smith who is vacationing.

## Blasting Powder Turns Out To Be Only Fertilizer

Used with Dynamite To Make Explosive Blasting Charge

Some Lemon Grove parents whose children brought home a quantity of blasting powder from a construction project in Spring Valley were mollified this week when it turned out that the blasting powder was ammonium nitrate fertilizer.

Deputy Sheriff Don Fields, who investigated after a disturbed parent phoned the office of this newspaper, said that the W. V. Hutchinson Co. of San Diego was using the ammonium nitrate along with dynamite in blasting for a pipeline roughly parallel to Jamacha Road near Sweetwater Spring Boulevard.

James DuPre, foreman on the construction project, said that the nitrate is harmless and cannot be detonated except by a powerful charge of dynamite.

The parent who phoned the newspaper said that her son had brought home a quantity of the granular powder which he had found in an open sack along with 17 other sacks stacked alongside the construction project near Hansen's Pond. The boy, she said, had attempted to light the powder and even had thrown some of it into the incinerator before she discovered what was going on.

"Then I made him take it to the dump and scatter it out," she said.

DuPre told Deputy Sheriff Fields that he would remove all of the nitrate powder so no other children could get at it, but he pointed out that similar nitrate is available at any fertilizer store and can be found stacked on most farms.

An army ordinance expert at Fort Roscreans, queried by this newspaper, said that while it is true that the nitrate is comparatively harmless under "normal" conditions, it is dangerously explosive under other conditions.

"It was a shiplod of ammonium nitrate that blew up and wrecked Texas City a few years ago," he said.

The bags of nitrate stacked on the pipeline construction project bore labels which cautioned that the material must be kept away from "fire, heat and open flame lights" and in large letters admonished "DO NOT DROP."

Deputy Sheriff Fields said that legally the construction company cannot be forced to keep the nitrate locked up because it is not classified as an explosive.

## Storm Drain Bids Asked by State

The State Highway Department is planning a storm drain which would take excess waters from along the freeway in northern Lemon Grove and carry it eastward to near the intersection of Broadway and Sweetwater Avenue.

Jacob Dekema, district engineer for the highway department, said that bids are being solicited for construction of the storm drain.

The bids, to be opened in Los Angeles on September 17, will provide for a storm drain that would run from the freeway near Grove Street to Broadway at Sweetwater Avenue.

If bids are found to be satisfactory, Dekema said, construction could be finished by the end of the year.

The meeting convened at 7:30 and adjourned at 8:15.

# Supervisors Approve Hearing On 'Anti-Island' Protests

Dave Bird: Taxes will rise.

## 'Taxes Will Continue To Rise,' Bird Says

"Taxes are going to rise, and we'd just be kidding ourselves if we thought otherwise," County Supervisor David Bird told the Lemon Grove Men's Club on Friday.

Bird blamed the "inevitable" tax rise on many things and said that most of these things are beyond the control of county supervisors.

He cited:

**Federal control** over industries and housing, making them exempt from paying local county taxes — thus withdrawing this property from the tax rolls.

**Reduction in percentage of state funds** available for road work. At one time, he said, 98 1/2 percent of these funds were available, but the percentage is down to 88 now.

**The state** being willing to pay only half of the operational cost and none of the construction cost of needed outpatient mental clinics.

**Dictating by the state** as to the assessment ratio in proportion to replacement value of property.

**An inflationary spiral** which has caused the new county courthouse to cost \$1 1/2 million more than anticipated when a bond issue was passed.

**State-ordered courts** which must be supported by the county.

Bird added that road work is a necessity, and said that there is more such construction either underway or budgeted in Lemon Grove right now than in any other part of the county. He cited the Imperial Avenue project now underway, the West Broadway project being planned, and improvements on Massachusetts Avenue in the budget.

In reply to questions, he said that the county's welfare program is "bogged down" in problems. He termed one phase of the Aid to Needy Children program, where mothers are given money to support illegitimate children, as "legalized prostitution," saying that the County has to pay the money but has no control over how it is used.

"This just encourages these who

## Property Owners, Road Commissioner At Odds on Issue

Board to Hear Matter At Sept. 8 Meeting In Civic Center

SAN DIEGO (CNS) — A public hearing on protests against a proposed center island in Broadway, Lemon Grove, between College Avenue and Olive Street, is slated for 11:30 a.m. on Sept. 8 before the County Board of Supervisors.

Jackson M. Ammons, who has been circulating a petition against the island, said it would "channel traffic through Lemon Grove to the College Grove Shopping Center."

Ammons asked for a hearing on other than a regular meeting day of Supervisors, but his request was not granted.

**Need for the island** was expressed by David K. Speer, county surveyor and road commissioner. He said the island would provide room for cars to make left hand turns, without impeding other traffic.

Speer reported that, in addition, the difference in elevation between the two sides of Broadway could be handled by having an island separating the two roadways.

**Traffic counts** showed 17,680 vehicles a day pass a point on Broadway just west of Olive, Speer said. The road is only two lanes now, and the road commissioner pointed out that the standards of the U.S. Bureau of Public Roads indicate the maximum load should be only 5,000 vehicles. He said this maximum was based on no left turns and no traffic coming onto a road, while Broadway has both these additional slow-up factors.

**Plans for improving Broadway** are about 60 percent complete, Speer declared, but only two rights of way have been donated to the county. He said negotiations to purchase or condemnation would have to be started soon.

**Ammons said** he had signatures representing 80 percent of the property on protesting petitions. There are 50 parcels concerned, he reported.

Speer said \$200,000 is in the current budget for rights of way and \$240,000 for improvement, all of it from gas tax funds.

## Groups Begin Plans For Youth Conference

Representatives of organizations throughout San Diego County were urged this week to prepare suggestions for discussions during the President's White House Conference on Youth, scheduled for the latter part of March and the early part of April, 1960.

Organizational representatives met last Friday in the San Diego City Council chambers for a meeting of the committee which will draw up plans for the county's participation in the conference.

**San Diego Mayor Charles G. Dall** introduced Mrs. Robert Burch, chairman of the Mayor's White House Committee for 1960, and Edgar Brown of the Community Welfare Council.

A general discussion on the welfare of underprivileged children of metropolitan San Diego was held and questions answered by Mrs. Burch and Brown. Both urged that representatives get together for discussions on the President's White House Conference on children and youth, and to prepare suggestions to be turned in to the Mayor's office by the end of October. The President's White House Conference is scheduled for the latter part of March and the early part of April in Washington, D.C.

In a recently published brochure "Town Meeting Handbook," Gov. Edmund "Pat" Brown asked for "grassroots" participation in planning for California's report to the nation. He asked that all citizens be invited to consider some major questions that affect the future of every child and every family.

President Eisenhower, the brochure said.

**NOTICE OF  
PROPOSED CHANGE OF ZONE  
BOUNDARIES OR CLASSIFICATION  
(La Presa Zoning District)**  
NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of San Diego will hold a hearing on Tuesday, September 1, 1959, at 11:00 a.m., in Room 310 San Diego City and County Administration Building, Civic Center, San Diego, California, on a proposal for an amendment to the Zoning Ordinance (County Ordinance No. 1402 (New series)) to change the zone classification of the following-described property within District No. 15, La Presa Section, San Diego County from R-2-A Zone to C-1 or C Zone:  
All of Lot 1 of La Presa Acres according to Map thereof No. 2135 on file in the office of the County Recorder of said County.  
This hearing is being held pursuant to the application of Ida May Army that the zone classification of the above described property be changed to C-1 Zone.  
The County Planning Commission, after making the investigation and holding the hearing required by law, has recommended that the zone classification of the above described property be changed to C Zone.  
For further details reference is hereby made to the application, the recommendation of the County Planning Commission, including a proposed amendatory ordinance submitted by said Commission and a map showing the proposed change, which are on file in the office of the Clerk of the Board of Supervisors, Room 306 of said San Diego City and County Administration Building.

**NOTICE TO BIDDERS**  
NOTICE IS HEREBY GIVEN THAT the Lemon Grove School District of San Diego County, California, and through its Governing Board, hereinafter referred to as the District, will receive up to, but not later than 2:00 o'clock p.m. of the 3rd day of September, 1959, copies of the Contract Documents for the construction of a new school building, to be located at 8025 Lincoln Street, Lemon Grove, California, and shall be opened and publicly read aloud at the above stated time and place.  
Each bid must conform and be responsive to this invitation, the Information for Bidders, the Specifications, the Plans and all other documents comprising the pertinent Contract Documents. Copies of the Contract Documents are now on file and may be obtained in the office of said board at the above address.  
Each bid shall be accompanied by a certified or cashier's check payable to the District, or a satisfactory bid bond in favor of the District executed by the bidder as principal and a satisfactory surety company as surety, in an amount not less than 5% of the maximum amount of the bid. The check or bid bond shall be given as a guarantee that the bidder shall execute the contract if it is awarded to him in conformity with the Contract Documents, and shall provide the surety bond or bonds as specified therein within five (5) days after notification of the award of the contract to the bidder.  
The District reserves the right to reject any or all bids, to accept or reject any one or more items of a bid, or to waive any irregularities or informalities in the bids or in the bidding. Preference will be made in the award for California made supplies, pursuant to Sections 4330 to 4334, inclusive, Government Code.  
No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.

**Re the Proposed Annexation to the LEMON GROVE Sanitation District**  
**RESOLUTION OF THE BOARD OF SUPERVISORS TO ANNEX UNINCORPORATED TERRITORY TO THE LEMON GROVE SANITATION DISTRICT AND NOTICE OF HEARING THEREON**  
On motion of Supervisor Austin, seconded by Supervisor Gibson, the following resolution is adopted and notice is ordered by the Board of Supervisors of San Diego County:  
WHEREAS, Herman M. Hale, the owner of certain property in unincorporated territory of the County of San Diego contiguous to the LEMON GROVE Sanitation District, has requested this Board (Document No. 267414) to annex said property to said Sanitation District under the provisions of the County Sanitation District Act; and  
WHEREAS, the County Boundary Commission has approved the boundaries of the proposed annexation (Document No. 266488); and  
WHEREAS, investigation of the proposed annexation by the Division of Engineering of the Department of Public Works discloses that said property is contiguous to said Sanitation District and that it would be desirable and feasible to sever said property by extension of said District's lines (Document No. 267411); NOW  
THEREFORE  
BE IT RESOLVED AND ORDERED:  
(a) That it is the intention of the Board of Supervisors of the County of San Diego to annex to the Lemon Grove Sanitation District under the provisions of the County Sanitation District Act all of that contiguous unincorporated territory of the County of San Diego, none of which is now included in any other county sanitation district, and other district or districts formed for similar purposes, bounded and described as follows:  
All that unincorporated territory in the County of San Diego, State of California, lying within the following described boundary:  
1. Beginning at the most Westerly corner of Larwood Park, Map No. 3447, filed in the office of the Recorder of San Diego County, being a point in the Lemon Grove Sanitation District Boundary;

**Air Conditioned!**

Families are just naturally happier in an air conditioned home. Air conditioning cools the air... controls humidity... filters out airborne dirt, dust and pollens... and distributes the conditioned air quietly and evenly. Air conditioning encourages restful sleep... perks up wilted appetites... makes house-keeping simpler... and adds zest to entertaining. You'll find air conditioning systems for your entire home, or for just one room. And central year-round air conditioning cools your home in summer and warms it in winter! In most cases, air conditioning increases the value of your home far more than the cost of installation. But—remember—your specific air conditioning needs are determined by many factors, including your home's size, design, exposure, and insulation. Only a qualified expert can provide adequate air conditioning. And only adequate air conditioning can provide trouble-free comfort, year after year. Talk with an air conditioning expert today. He'll be happy to check your home—or your office or shop—give you an estimate, and arrange a convenient payment plan. Consult the Yellow Pages of your telephone directory.

## Organizations Begin Plans For Conference

chure pointed out, and the White House National Committee have challenged each citizen to weigh the values and ideals of the American way of life.

The San Diego Mayor's committee chairman, Mrs. Burch, at the August 14 meeting, gave a brief history of the White House Conference committee. The movement was initiated in 1909 by President Teddy Roosevelt. For the "well being of all American

children" the conference has been held every 10 years.

This coming year, Mrs. Burch said, will see many changes and additions in the conference, due to economic and scientific advancements.

The Mayor's Committee on the White House Conference was formed in June of this year, and has had five meetings with 28 members. Their next meeting will be held the latter part of October and Mayor Dail, Mrs. Burch and Brown are inviting as many people as can attend. It is to be publicized through newspapers, television and radio. Mrs. Burch said that speakers are available on the White House Conference subject, for any organization making a request. It is the people themselves who can make the Conference a success, Mrs. Burch said.

men to keep on having illegitimate children," he said. "A woman with three or four kids gets about \$300 a month from the County."

Bird said that one reason for the rising tax rate is that the legislators in Sacramento "get too far away from home" and are not receptive to curtailing services.

"And all of these services cost money," he said "We can't reduce taxes when we have to keep buying more and more things."

Ralph Lukenbaugh, assistant district engineer from the State Highway Department, will address the Men's Club next week. El Cajon Mayor Karl Tuttle will address the club on August 28.

## Art Association Names Officers

The Foothills Art Association has named the following officers for the coming year:

Helen M. Goodall, president; Helene Morris, first vice president; Ruth Fluegel, second vice president; Hattie Holcomb, third vice president in charge of publicity; Kibby Linaweaver, recording secretary;

Mary Hale, treasurer; Mary Robinette, corresponding secretary; Cora B. Payson, historian; Mary Wills, auditor; and M. L. Shively and M. F. Keller, directors.

## Navy Nurse Given Sea Duty Orders

LCDR Mary E. Reed NC, USN, recently received orders to go aboard the USS Gen. Breckinridge. With the exception of fourteen months duty in the South Pacific during WWII, Miss Reed has spent her duty on shore. She is wondering how long it will take her "landlubber legs" to develop into "sea-legs." Mrs. R. Henry Reed, whose residence is 1716 Skyline, Lemon Grove, plans to visit her daughter in San Francisco when the ship comes into port.

## The Dimmer View

ion so that the tax rate has been dropping steadily. Here is a list of the tax rates since 1953-54:

	Tax Rates
1953-54	\$0.49
1954-55	0.47
1955-56	0.46
1956-57	0.33
1957-58	0.23
1958-59	0.13

At present we do not have the entire assessed valuation including utilities. The tax rate for 1959-60 will not exceed \$0.13 and may be as low as \$0.12.

Actually, I suppose we should contemplate a tax rate of about \$0.20 to \$0.23 for it doesn't appear that we can continue to expect as many new connections as we have had during the past two-year period. For example, in 1957-58 new connection fees brought in \$22,375, which was used toward reducing the tax rate in 1958-59, and in the fiscal year just ending new connection fees totaling \$30,800 were received and are being applied toward the cost of maintenance and operation for the Lemon Grove Sanitation District for the coming year.

As I said earlier, I am sure that very few people who have moved into Lemon Grove in the past ten years are aware of this background, and I think you will agree that it indicates mighty good planning by the people of Lemon Grove themselves, and operation and management by the County on behalf of the people of Lemon Grove.

Sincerely yours,  
D. W. Bird  
Supervisor, Second District

## Two-County All-Stars Open Grid Workouts

Prep grid stars of last season, from Los Angeles and San Diego County opened workouts this week for the 11th annual Southern California College Prep Bowl Charity Football Game Wednesday at 8:15 p.m. in Aztec Bowl.

The San Diego County squad is practicing at San Diego Marine Corps Recruit Depot under the direction of coaches Bob Embrey of Escondido and Benny Edens of Point Loma High School. The Los Angeles team is coached by Bob Beck of University High and Gordon Wells of Narbonne.

F. W. (Bill) Whitney, game manager, has predicted a capaci-

ty turnout of 13,000 fans for the prep all-star battle, which is sponsored by the Breitbard Athletic Foundation.

Backfield standouts in Embrey's wing-T attack will include powerful Fullback Mike Fogle-song of Sweetwater; halfbacks Clarence Adams of St. Augustine, Jerry Overton of Mar Vista and Gerry Lipscomb of Mt. Miguel, and Quarterbacks Wayne Selver of Sweetwater, Bill Cravens of Mission Bay and Ezell Singleton, of San Diego High.

Among the linemen battling for starting positions are ends Bob Bradley, of Point Loma, and Toby Thurlow, Escondido; tackles Randy Chaffin, Mission Bay, and Carl Schroeder, Mt. Miguel; guard Bob Schexnayder, El Cajon, and Louis Yandall, St. Augustine, and Centers Jim Stahl, Escondido, and Cliff Bryan, Grossmont.

Pre-game and halftime entertainment will feature Ozzie's Youth Band, the U.S. Marine Corps Recruit Depot band, U.S. Naval Training Center Drum and Bugle Corps and a precision drill team also from NTC.

## Final Show Set

### For Playhouse

La Jolla Playhouse announces a musical delight as its last bill for the summer season. "Too Many Husbands," Somerset Maugham's classic comedy, is the play to which lyrics have been added. The ladies in the show will be charmingly gowned and the gentlemen elegant in the dove grey trousers and tail coats of the period.

Ann Lee, producer at the Playhouse, will be seen in one of the leading roles. Oliver Cliff, who directed both "Who Was That Lady I Saw You With?" and "Two For The Seesaw," will play one of her husbands. This pair appeared in these parts in a production of the show last summer at the Sombbrero Playhouse in Phoenix, under Miss Lee's management, and it was an outstanding success. In the role of the husband-too-many will be Byron Palmer, handsome and talented TV singing star.

Opening night is August 24 and the show runs through September 5.

## GROVE GIRL WINS NURSE'S CAP

Miss Paula Nill, daughter of Mr. and Mrs. Paul S. Nill, 6740 Hibiscus Drive, Lemon Grove, will be graduated from the Highland School of Nursing in Oakland on August 15, Frances M. Rule, associate director of nursing education, said this week.

A week of activities starts with a Baccalaureate service on Sunday evening, August 9, at St. Paul's Episcopal Church in Oakland. The week is climaxed by commencement exercises on Saturday afternoon at the Highland Hospital Auditorium. Senior activities include: faculty buffet dinner, sneak day, a formal dinner dance, and a reception following graduation.

# Once Over Lightly

by Don Wilson

I have a new hobby: repairing an automatic washing machine. It didn't start out that way (Sort of like the little signs you see in offices that say "This is a non-profit organization. It wasn't intended to be, but that's the way it's working out.")

The whole thing started several months ago when Paula was doing the laundry in our ringier-type washing machine. "I want an automatic," she said.

"Fine," I said; "go buy one." "With what?" she said. "I don't know," I said; that's your problem.

And so we dropped the matter temporarily.

Then we moved into our present house in Lemon Grove and there sat an automatic washing machine on the service porch. "Does the machine go with the house?" I asked.

"It can," the landlady said, "but it really shouldn't. So if anything should go wrong with it, you'll have to fix it. I won't be responsible."

"Fair enough," I said.

For about a week, Paula was in laundryman's heaven. She bustled around doing laundry when it got dirty instead of after it piled up until she couldn't face it any longer.

And then one day as I sat reading a book in the living room, Paula came running in, waving her arms and shouting. She made one circle of the room and headed back toward the kitchen.

I followed. Rising from the automatic washer was a cloud of white smoke.

I yanked the cord to unhook the machine. After a while the smoke stopped rolling out.

I peeked inside. It looked all right. I turned a couple of things. Everything seemed to be working.

Cautiously, I plugged the machine in again.

It worked. But when it got to the "spin" cycle, it didn't.

So we called a repairman and for ten bucks he put on a new gadget that shifts gears on the motor.

It worked for one spin after he left.

We called the repairman and he came back and looked in the machine.

"Forgot to tighten the screws," he said.

A few days later, Paula phoned me at the office.

"When the washing machine started on the spin cycle it just

went 'clonk' and quit," she said. A pulley had come off the motor shaft. I put it back on.

A few days later the hot water hose came apart and sprayed water all over the service porch. I put it back together.

A few days later, Paula phoned me at the office.

"The thing went 'clonk' again," she said.

I put the pulley back on the motor shaft.

The next day the hot water hose came apart again.

I put it back together. A few days later, Paula phoned me at the office.

"It went 'clonk' again," she said.

This time I borrowed some tools and put the pulley back on the motor shaft real tight.

The next day, the hot water hose came apart.

I bought some gadgets at the hardware store and put it together real tight.

For three days now, the washing machine has worked fine.

I may have to look for a new hobby.

## Bike Mishap Puts P.O. Clerk's Son In Hospital

Patrick Leone, 5½ year-old son of Mr. and Mrs. Joseph Leone, is showing improvement after three operations following a liver injury suffered when he fell from his bike last week.

Pat, who lives at 1737 Colfax Drive in Monterey Heights, tumbled from his bike when he hit a hose stretched across the sidewalk, his skin was not broken but his liver was ruptured in two places. Ten persons have volunteered blood. Twenty pints are required for transfusions.

His daddy is window clerk at the Lemon Grove post office.

## Horsemen to Ride In Fiesta Parade On Sixth Avenue

Some of the most accomplished riders from all parts of San Diego County will be among the 100 equestrian units in this year's Fiesta Parade in San Diego Sept. 7.

Robert S. Harness, parade chairman, said many of the finest horses in the county will be on view. Most of the riders will be in silver outfits, valued at thousands of dollars.

"Fiestas — Past, Present and Future" will be in the theme of this year's parade, one of the big events of the Fiesta del Pacifico, Sept. 4-19. The parade will move along Sixth Avenue adjacent to Balboa Park, starting at 10:30 a.m.

In the line of march will be floats, bands, marching units, costumed entries of various kinds and the equestrians.

Equestrians from Lemon Grove are: A. E. "Bob" Howell and Frank J. Bettencourt.

## Two Marine Privates End Combat Training

CAMP PENDLETON (Spcl) — Marines Pvt. Frederick A. Hawkins, son of Mr. and Mrs. W. A. Hawkins of 1661 Drexel Dr., Lemon Grove, and Pvt. Dee R. Anderson, nephew of Mrs. Geneva Allen of 2320 Main St., Lemon Grove, finished four weeks of individual combat training Aug. 14 at the Marine Corps Base here. The course included the latest infantry tactics, first aid, demolitions, field fortifications and advanced schooling on weapons.

## Elizabeth Hofer Burial Thursday At Ft. Rosecrans

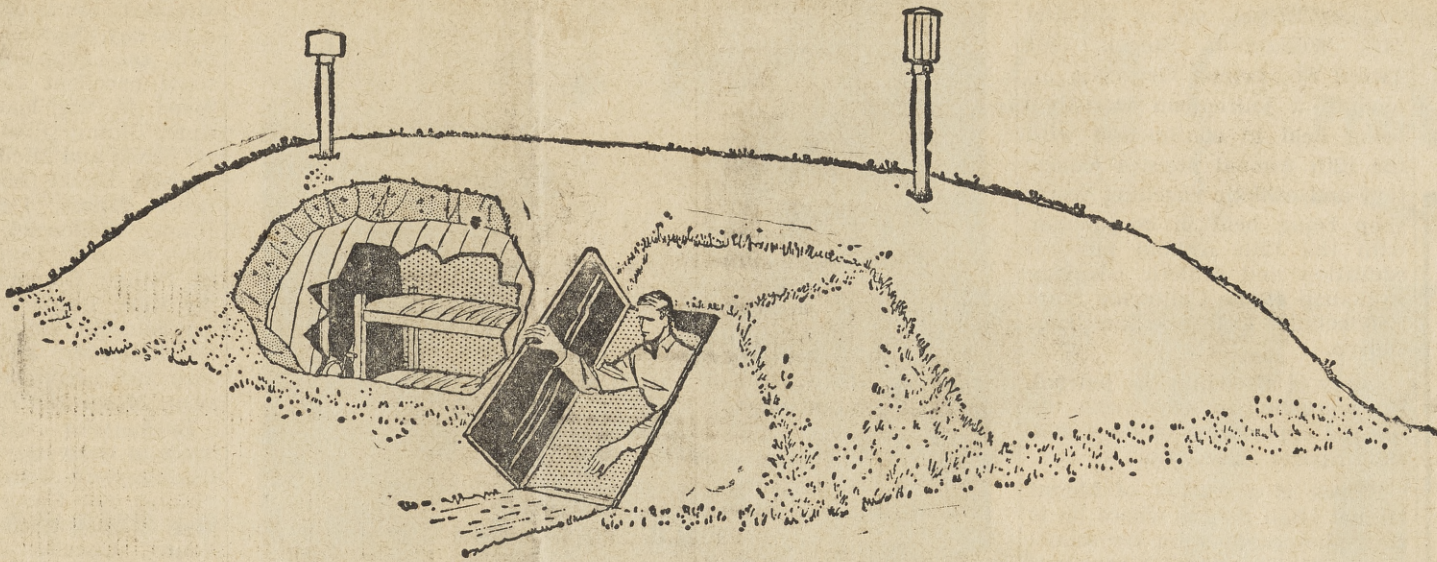

Elizabeth Catherine Hofer, 32, will be buried at 10:30 a.m. Thursday at Ft. Rosecrans National Cemetery.

Ill for about six months, she died Friday at Scripps Hospital. She had lived at 6930 Mt. Vernon, Lemon Grove.

Funeral services were scheduled at 7 p.m. Wednesday in the First Methodist Church in Lemon Grove. Conrad's Lemon Grove Mortuary was in charge of funeral arrangements.

Mrs. Hofer is survived by her husband, William, four children, Linda, Larry, David, and Nancy; her parents, Mr. and Mrs. Clifford Uhl; a sister and a brother.

# Family Fallout Shelter: Plans are Available

Pre-shaped corrugated metal sections or pre-cast concrete can be used for shelters either above or below ground. They form effective fallout shelters when mounded over with earth as shown here. Materials would cost about \$700. A contractor probably would be required to help build it. Plans for this and four other shelters are included in a book-

let, "The Family Fallout Shelter," which have been received from the Office of Civil Defense Mobilization, according to L. J. Wadsworth, county Civil Defense director. The booklets are free to any persons wishing them, and will be mailed upon request made to the San Diego County Civil Defense Organization, Santee.

## 3½ Million Attend California Schools

SACRAMENTO—Over three and a half million children and adults attended classes last year in California public schools from kindergarten through junior college.

A 5.9 percent increase in regular, adult and special enrollments over 1958 raised the total figure to 3,595,517, State Education Department officials said.

Of this total, 3,750 attended schools in Lemon Grove; 9,500 attended in the La Mesa-Spring Valley School District, and 1,800 attended Mt. Miguel High School.

San Diego County's schools had 18,226 more regular students enrolled than in 1958. That was a 10.9 percent increase over last year's regular enrollment.

The biggest percentage gain was 24.1 percent made by Mono County with 74 new regular students. Gains averaged 6.2 percent and ranged up to 49.136 students in Los Angeles County. Only three small counties had decreases in their enrollments.

The state report, which showed the biggest percentage increase in high school enrollments, was based on a survey of the state's 1818 school districts made March 31. It found this year's increase — 200,241 — below last year's 222,451.

The largest cut in enrollment increases was reported by junior colleges. In 1958 they registered a 19.1 percent gain over 1957, while in 1959 their enrollments rose only 6.7 percent over 1958.

More than half of California's 58 counties reported double sessions in elementary or high schools, but overall figures showed a drop in the total number of split sessions. On March 31, 1959, 77,000 pupils were on half-day sessions, compared with 117,684 on the same date in 1958.

San Diego County listed 1,812 students on double sessions. There were no double sessions in Lemon Grove or Spring Valley except for a six-week period at the beginning of the school year.

when pupils awaiting completion of San Altos School in Lemon Grove doubled up at San Miguel School.

The breakdown of the total number enrolled in public schools showed 2,279,500 in kindergarten through eighth grade, and 669,584 in high schools. Another 123,844 were in junior colleges as part-time and full-time students. Adult classes run by high schools and junior colleges had 458,234 enrolled. Special classes and miscellaneous categories filled out the total.

Enrollment in elementary schools increased 5.6 percent over 1958, only 0.1 percent less than 1958's gain over 1957. High schools showed an 8.3 percent gain compared with a 10.8 percent the year before, the department reported.

## Zone Variance For New Sign Denied by Board

SAN DIEGO (CNS) — A request for a zoning variance to permit erection of a sign advertising the Bowlero II bowling alley in Lemon Grove was denied Friday by the County Planning Commission.

Heath and Co., on behalf of the bowling project, asked for permission to put the sign 22 feet from the property line, at 7065 Broadway, instead of the 75 feet from the center of the street required in the zoning ordinance.

The plea was turned down by the commission on the grounds that the sign can be erected to serve the purpose of directing traffic without a variance.

The Bowlero variance application was one of six for the Lemon Grove area acted on by the Commission at its Friday session. The only other one not granted was that of Wayne C. DeBate, who asked for permission to build 45 feet from the center line of Saddle drive, instead of the required 50 feet.

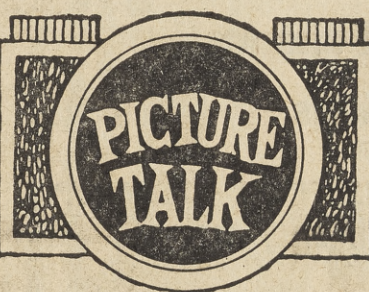

The commission approved the following variance applications:

Reduction for front yards in 30 lots of Zunic Knolls, a proposed subdivision on 68th Street, asked by Nick Zunic;

Rear yard reduction at 1155 Stoneridge Drive, asked by Otis G. Bates.

Rear yard reduction at 7572 North Avenue, asked by Dr. Robert F. Burns, and

Front yard reduction on Bentley Drive, asked by Bryce T. Conrad.

## STARLIGHT THEATER

Some people really know how to enjoy themselves. Take our neighbors. They invited us over the other night to enjoy some movies under the stars. They had set up a movie screen on their patio, and as soon as the last glimmer of sunset disappeared, on went the show.

The main feature was the vacation trip our hosts had just taken through a dozen states. It turned out to be quite a movie — full of screen-filling close-ups and sweeping wide-angle scenic views.

Seeing the movie made me feel kind of good, of course. After all, I had persuaded the host to buy a Brownie Turret Movie Camera before he left.

When you get right down to it, nothing catches the spirit of a vacation or any good time like a movie camera. After all, fun is action. And a Brownie Movie Camera makes it so easy — and economical — to capture it all on film, to enjoy later under the stars or by your fireside.

There's only one good time to start taking movies, you know. And that's right now. So make it a point to drop in soon and look over our line-up of movie cameras. We've got 'em priced from as little as \$32.50.

P.S.—If you'd like to run a "movies-under-the-stars" party, we'll be glad to rent you a projector and some feature films and cartoons.

## Pupils Gain Year In Four Weeks Of Instruction

A special experimental reading group was a "highly successful" part of the Lemon Grove School District's summer school, Seymour Metzner, in charge of the program, said.

Metzner said that 12 pupils took part in the program, chosen because their reading ability was not up to the level that their intelligence indicated.

The pupils, Metzner said, were "rigorously" tested before the program began, and after it ended.

"In the four weeks of instruction," the teacher said, "the class showed a group gain of one year in reading ability."

## God's Minute

"PRAY TO GOD"

The Pharisee stood and "prayed with himself." The publican talked to God. God knows all about you, so you need not parade your accomplishments before Him. In prayer you, a poor helpless sinner, come into the presence of Almighty God the Creator and Sustainer of the entire universe. Take your shoes off; you are on holy ground.

## LET US ALL PRAY TOGETHER AS A FAMILY

The Vacation Bible School furnishes an unusual opportunity for children to get to know one another, their church, their pastor, and the Christian faith.

For many children the two weeks of Vacation Bible School will be a time of learning that will be more lasting in its value than a whole year of Sunday School attendance. I am sure your child will be grateful if you will help him get started in a Vacation Bible School Program.

## FARM - CITY WEEK

L. A. Rozzoni, president of the California Farm Bureau Federation, has accepted the state chairmanship for the Farm-City Week observance this year. The program originated several years ago by Kiwanis International has consisted largely of talks on farm problems as they affect the city dweller, presented to service clubs and other organizations. "We need the understanding of the city people," Rozzoni said, "and we feel this is one way in which we can present our side of the picture."

## 'Scorpions' Take Girls' Softball League Title

The Scorpions, sponsored by the Walker Scott Co. of College Grove, won the girls' San Diego softball championship last week.

Red O'Malley of Lemon Grove is manager of the team. Under the coaching of Tony German and behind the pitching

of Rose Darling, team captain, the Scorpions beat a team from Ryan Aircraft Corp. 33-2 in the final league game.

The Walker Scott-sponsored team has signed up for a series of exhibition games. This week they are scheduled to play a team made up of jockeys at the Del Mar race track.

Later, the team is to play the jockeys' agents, including such notables as Harry James, Mickey Rooney and Hugh O'Brian.

Lemon Grove area girls between the ages of 15 and 30 who want to play on next season's team are being urged to call Miss Darling at AT 1-5857.

On the team now are Margaret Flintsmith, Rosie Davis, Susie McGrath, Shirley Flimmer, Dorothy Snow, Diane Boyd, Toni Dobree, Brenda Spencer, Carolyn Eldridge, Tillie Flores, Bonnie Shields and Louise Huddelston.

## Scout News

Boy Scout Troop 47 of Spring Valley held its annual summer camp at Kings Canyon, about a day's drive from this area, off Highway 99. Thirty-three boys attended. Some of them enjoyed a five-day, 50-mile pack-back trip into the High Sierras, where some excellent fishing was enjoyed in the lakes. The boys were: Jimmy Rich, Wayne Muzzy, David and Michael Hale, Jack Nielsen, David Gamel, Mike and Bruce Masse, Denzil Rexroad, Jimmy Lindeneau, Larry Jones, John Skinner, Donley Ross, Rick Pedigo, Stephen Botzer, Jimmy Kida, Butch Takahashi, Jimmy Johnson, Doug Evans, Charles Rauscher, and Jim Taylor. Two men accompanied the boys: Jerry Masse and Franke Hale.

Boys who enjoyed shorter hikes in the valley and did some fishing were Tom Horak, Gary Phillips, Bob Gardner, Mike Watkins, Chris Johnson, Lawrence Young, Charles Cobb, Richard Perkins, Jimmy Ward, John Baker, Alphonse Ziegler and Greg Nierengarten.

The following adults and families enjoyed a vacation camp out separate from the Boy Scouts: Mr. and Mrs. Glen Lindeneau and children, Jeffrey, Kenny and Mary; Mr. and Mrs. Frank Hale and Mrs. Hale's father; Mrs. Howard Skinner; Mrs. Hope Masse; Mr. and Mrs. Lee Horack and son Billy Joe; and Mrs. Louis Muzzy.

Troop 47 held its Court of Honor on August 1, in the Friends Community Church recreation basement. The following advancements and merit badges were awarded:

Second class to William Law, First class to Larry Jones and John Skinner; Star to Larry Godley, David Hale, Jimmy Lindeneau and Charles Rauscher.

Merit badges were: John Baker, art, fishing, mechanical drawing; Tommy Danner, citizenship in the home, and scholarship; Michael Hale, home repairs and scholarship; David Hale, citizenship in the nation, and mechanical drawing; Jimmy Lindeneau, fishing; Wayne Muzzy, safety; Gary Phillips, scholarship; Donald Rangel, gardening and painting; Charles Rauscher, fishing; John Skinner, first aid; and James Taylor, personal fitness.

After the awards, former Cubmaster Jerry Masse showed movies of his family's hike to Mt. Whitney, and explained some details of what to expect on back packing in the High Sierras. Refreshments were served after the program.

Six boys of Scout Troop 108 returned on Saturday from the Scout Reservation at Mataguay, north of Julian. The troop had left for the camp the previous Sunday.

The six boys who attended were from Lemon Grove, Chris Heiserman, 1601 Cameron Dr.; Steve Hoffman, 3226 New Jersey St.; Steven Jurchenko, 7890 Mt. Vernon St.; Robb MacMillan, 7094 Central Ave.; and Bill Skinner, 7144 Mt. Vernon St. From San Diego, Richard Ridenour, 375 Cates St.

The boys enjoyed recreational swims, canoeing and archery. Also offered were nature trails, compass course, handicraft, knots, and the axe yard. To top off the week of the outdoorsman life, there were regions open for hiking, although the troop went only to Devil's Throne.

Bill Skinner, elected by the troop for candidate to the Order of the Arrow, was "tapped out" on Friday evening at the campfire. The ceremony is one of grave silence and importance.

The troop left the camp at Mataguay on Saturday. Returning then were Mr. Ray Heiserman, the adult leader, Chris Heiserman, Robb MacMillan, Steve Hoffman, and Steve Jurchenko.

Scout Richard Ridenour stayed at the camp with Bill Skinner to take their Ordeal on Saturday. They returned home on Sunday.

## Runs ad, Rents House!

"The ad ran one time and we rented our house. I'm very well satisfied with the pulling power of want-ads in the local newspaper."

This is the opinion of Mrs. K. L. Burkhead who lives on Valencia Street in Spring Valley.

Week after week want-ads in this newspaper pull, and pull and PULL. Bringing together people who want something with people who have the things they want.

It's easy to place a want-ad. Call an ad-taker at HO 3-1811 by Tuesday noon of any week. You can say "Charge it," too.

## Summer Fun Days Social Set at St. Philip's Church

Arrangements for the Fourth Annual Summer Fun Days Ice Cream Social or St. Philip's church, Palm Street and Hardy Road, Saturday, from 6 to 9 p.m. The social is open to the public.

A feature of the evening will be the St. Philip's Male Quintet especially organized for the occasion under the direction of Mrs. Elizabeth S. Robinson. The quintet includes: Ralph Elliott, first tenor; Richard Lovelace, second tenor; Harry Beran and Howard Thomas, Baritone; and Archie Brack, bass. One of their numbers will be a special comedy song with original lyrics by the director.

Other numbers on the program will be: Miss Kathleen Hartman, a talented child singer, daughter

of Mr. and Mrs. Jim Hartman of San Diego;

Sandra Grant, 10-year-old pianist, Melinda Conrey, solo dancer of Spring Valley, a repeat from last year; several numbers by the Eskridge Ballet troupe from Spring Valley;

A double quartet by the National City Chapter of Sweet Adelines; xylophone numbers by Chester Smith, chairman of Spring Valley survey committee, and a puppet illustration by Mrs. Clark Kitchen, of the Puppet Theatre in the Spanish Village in Balboa Park.

The "Kandy Kids" under direction of Mrs. Harry A. Clements are: Misses Kirsten Clements, Jane Miller and Joyce Gilbert.

**BULL PUTS RIDERS IN ORBIT**—"Sputnik", the terror of the big-time rodeo circuit, is about to catapult another rider into space. He will make a special appearance in Sacramento at the 1959 California State Fair and Exposition's first Rodeo slated for the final four nights of the Fair, September 10 through 13. The picture was taken before special regulations for this brahma bull went into effect, that now require the rider to wear a crash helmet and a catcher's mask. The Rodeo Cowboy's Association outlawed the animal from approved competition after several of top cowhands were orbited into hospital beds by the ornery critter. "Sputnik" is the only bull to ever be placed in this dubious classification.

### WELCOME' PACKETS SLATED FOR TEACHERS

Teachers who will be instructing in the La Mesa-Spring Valley and Lemon Grove school districts for the first time this year will be the recipients of a "welcome" packet distributed by Mt. Helix PTA Council, for the purpose of acquainting themselves more readily with their school district, community and available facilities. Mrs. C. S. Williams, Mt. Helix PTA Council president, and Mrs. George Birch, president of Foothills Secondary PTA Council, assisted by Mrs. Ray Bullock and Mrs. Robert Graham, have been correlating the material contributed by local newspapers, the Chamber of Commerce, PTA councils and the school districts for the packet.

Wide Selection of  
Large Specimen Trees

At this time of year watering is important, especially in areas where we have had less than the usual amount of rainfall. Hence a few suggestions on the proper way to water.

Blue Spruce and other evergreens should be watered early in the morning or late in the afternoon during the hot summer months. If you water these shrubs under a hot sun, the rays of the sun are apt to break down the needle structure.

Both deciduous and citrus fruit should be watered by long, slow, deep irrigation unless you have them growing in what we call a "basin"... a depression made around the trees to hold water.

Be sure you fill this basin at least twice when you water. Watering should be done every three or four weeks depending on the dryness of the season.

Too frequent watering is not good for fruit trees. I always caution people not to plant them in a lawn or among other shrubs that have to be watered frequently.

### Little Yankees Take County League Title

The Yankees, winners of Lemon Grove Little League's competition this season, last Saturday became San Diego County champions by defeating the Bayview American Pirates 8-0 in the finals of the San Diego Youth Foundation tourney at Cabrillo Park.

The local team, which is sponsored by Lemon Grove Lions Club, won eight straight games in the tournament, topping a field of 209 teams.

They boys made a TV appearance Saturday night on the Lute Mason sports broadcast, and on Monday were guests of the Bahia Hotel at a swimming party and luncheon. Members of the team are Randy Barry, Bobby Taylor, Howard Estes, Jim Stevens, Bob Downer, Bob Kreger, Dave Schneider, Bob Forrester, Dave Mugg, Basil Machado, Tom Tyson, Gary Frohn, Gary Taylor and Mike Kreger. Bob Kreger is manager and Gene Eby coach.

### 4-H Club Members To Attend State Convention

Thirtyeight 4H members of San Diego County will join with 1,200 members from throughout California at the state 4-H Club convention, August 31 to September 4, on the Davis campus of the University of California, reports University of California Farm Advisor David W. Hinshaw. This educational event will be highlighted by faculty demonstrations, campus tours and member training sessions. 4-H members to attend from this area are: John Ballinger and Bruce Collins, Dehesa; Kenny Rasmussen and Vickie Camp, Dulzura; Paul Kistrup and Nancy Taitt, Jamul; and Christine Mathewson, Lemon Grove. Leader chaperones will be Mrs. James Dyer, Japattul, and Harry Helm, San Luis Rey, said Hinshaw.

Here again by popular demand is another famous Food Basket Fryer and Ham Sale!  
Take advantage of the money-saving low prices that really help stretch food budgets!

# FRYERS 27¢ lb

Fresh Golden Cornish Cross

USDA  
GRADE A

WHOLE BODIED 2-3 lbs. aver. wt.

Appetites come alive when you serve Food Basket's Fresh Golden Cornish Cross Fryers! More delicious than ordinary fryers because they are raised on a special diet that includes corn in predigested form. This corn feeding gives them a rich golden color, makes them more meaty, tender and delicious. Once you taste their wonderful goodness, you'll never again be satisfied with any other fryer. Of course, this low price makes these fryers an extraordinary value... put extras in your freezer for later use at great savings. For frying rotisserieing, barbecuing, broiling... as versatile as they are wonderful to eat!

# HAMS FULL SHANK HALF 37¢ lb

Farmer John Tenderized

Yes, Ma'm! You get a full shank half of Food Basket's marvelous ham! No center slices are ever removed. This choice center area is left on for Super Shoppers to enjoy! There hams are from eastern, corn-fed porkers... fragrant with flavor because they were slow smoked over hickory chips to our own specifications. More lean because these skinned hams are from porkers scientifically bred and raised to yield more lean meat and less fat. Superb for a first meal... and economical for many "planned-over" meals... as well as to take on picnics, outings... or to rotisserie outdoors!

Cut-Up or Split Fresh Golden Cornish Cross Fryers lb. 31¢

Whole Farmer John Ham lb. 45¢

An especially economical value at this low price... perfect for many meals.

Butt Portion Farmer John Ham lb. 45¢

Deep hickory smoked for tops in flavor from finest eastern corn-fed porkers.

Center Slices Farmer John Ham lb. 89¢
